

# WHO'S BAD?

**Flex Alexander** walks a mile in Michael Jackson's penny loafers.

**WACKO JACKO OR** grossly misunderstood? That is the question posed in VH1's new biopic *The Man In The Mirror: The Michael Jackson Story*, which recreates the pop icon's life from *Thriller* to his strange post-court SUV dancing debacle. At a time when very few people wanna be like Mike, the star of UPN's *One on One* Flex Alexander paints an unbiased picture of the king of sleepovers.

**Q:** In order to play this role effectively, you had to be physically convincing. Too bad the flick didn't take place during Ramadan.

**A:** Makeup and hair did it up, man. They worked hard and I had fun. I had to lose, like, 20 pounds of muscle, though. You know, we couldn't have a cock-diesel Mike.

Never that! Was it difficult separating the

**MJ OR FLEX? ALEXANDER KEEPS IT REAL.**

Michael Jackson we all know and love from a possible pervert? I just tried to be him without the thought of him

being a pervert or a child molester. I went in with the thought that he's innocent, he loves children, and these are people coming after him for money. It sounds like you genuinely believe he's innocent. Would you ever let him watch your kids? I wouldn't let any other adult watch my children. I think people get so caught up with him being Mike, but you gotta ask, where are the parents in all of this? He's asking permission! If they've heard allegations, why'd they send their child? Don't get upset with Mike, get upset with the parents.

In the movie you go from being this cool black dude everyone wants to be like to this shy white girl we barely recognize. How difficult was that? As far as the skin, he definitely has vitiligo. I've seen people that are our complexion turn totally porcelain white. He's not bleaching his skin. How ridiculous is that?

Hmmm, KING never really put a number on that level of ridiculousness. But his nose alterations warrant at least a 9.6. As a child, his nickname was "big nose." That's a documented fact. He also had acne, so you got to understand the psychosomatics behind it all. If that's drilled in your head long enough, maybe the reason why he had surgery was to look as far away from that as he could. I think that some of the stuff he's gone through, cosmetic or whatever, has been a direct effect of that. You plant something in a child, it stays with the child.—ADELL HENDERSON

## PORNCRITIQUE

### Nasty Boys

**Horny rappers** do big things on the small screen, but who really measures up?

WITH HOLLYWOOD and energy drinks flooded with hip-hop representation, masters of ceremonies need a new industry to pimp. Hence, rappers are penetrating the porn biz. KING critiqued the hosts of a few rap-inspired skin flicks. The verdict: Lil' Jon could very well be the most candid play-by-play analyst in history.—MARCUS BLINKWELL

**Title** *Girls Gone Wild Doggy Style*  
**Master of Ceremonies** Snoop Dogg

**Hosting Skill** Snoop commands more tops to drop than a Crenshaw car show, but during Mardi Gras, who can't? Appearing to be in a constant-chronic state, Snoop also loses points for a lack of verve. He's cool, but almost too cool.

**Music** The Doggfather's exclusive track "Girls Gone Wild" and his occasional freestyles are adequate, but the whole time we're waiting for "Ain't No Fun" or "Bitches Ain't Shit" to find their way into the rotation.

**Title** *Liquid City Master of Ceremonies*  
**Master of Ceremonies** Mystikal

**Hosting Skill** The Tarantula gets a lap dance in the club from spank-video veteran Janet Jacme, but he makes you wonder if he's really from Florida instead of New Orleans for the rest of the video, 'cause dude is MIA. He should have exercised this much restraint in his own home movie.

**Music** Porn actress/rapper Chaos provides much of the background sounds and even takes to the stage for a more traditional mic check with Mystikal.

**Rating** 3 Pimp Cups

**Title** *American Sex Series Master of Ceremonies*  
**Master of Ceremonies** Lil Jon and the Eastside Boyz

**Hosting Skill** Lil Jon is the host with the most, word to Don Cornelius. The Atlanta brave lubricates some girl-on-girl action with a special brew of drunk juice poured from his pimp cup. Between giving tours of strip clubs and spanking girls with paddles, he takes up-close and personal flicks with his camera phone to post on the Internet. *Okaaay!*

**Music** Lil Jon and his BME clique provide barks and beats to go with moans and groans. "I Don't Give A," "Neva Eva" and "Head Bussa" round out the strip-hop playlist.

**Rating** 5 Pimp Cups

**Title** *Treach's Naturally Naughty Porn Movie*  
**Master of Ceremonies** Treach

**Hosting Skill** Forget hosting, Treach gets down for his crown, actually going toe-to-toe (or head-to-toe) with porn stars Obsession and Sinnamon. It's up for debate whether Chilltown's finest really swings his bat—he keeps his boxers on the entire time. Guess no one told him that you could still get crabs through cotton.

**Music** The ideal cuts—"OPP" and "Written On Your Kitten"—are nowhere to be found, making any further discussion of music on this disc pointless.

**Rating** 3 and half Pimp Cups
